

DIBBERN

MANUFAKTUR
MADE IN GERMANY

EXPORT

DIBBERN FINE BONE CHINA

The first private china factory was founded in Hohenberg/Bavaria in 1814. DIBBERN re-opened the manufactory in 1997 and has since continued the centuries-old art of traditional china manufacturing applying exceptional quality standards.

Manufacturing DIBBERN Fine Bone China requires excellent artisanal standards and technical skills in ceramic production. The soft shimmer of our translucent and delicate Fine Bone China makes it one of the most enchanting porcelains on the market, meeting the highest standards in quality and withstanding the demands of everyday use.

The glaze of DIBBERN Fine Bone China is lead-free. Finest caterers and hotels around the world appreciate the unique characteristics of DIBBERN Fine Bone China.

It is DIBBERN's philosophy to combine traditional arts and crafts with aesthetically appealing simplicity. By deliberately applying a rather understated elegance, our product designers have managed to highlight the material's special features to its best advantage. Our products have received numerous awards for their trend-setting design.
